

## **Easter 2022**

Welcome again!

I have prepared another free downloadable package for you. I pray you are encouraged through these simple resources focusing on Jesus' death, burial, and resurrection.

Freely print as many copies as you would like and share them with others if you wish. Please do not alter them in any way since they are copywrite.

May you have a blessed and joyous Easter with family and others. May you experience the power of Jesus' resurrection personally during this celebration.
